

Airreceiver update SOP

Install New Happycast

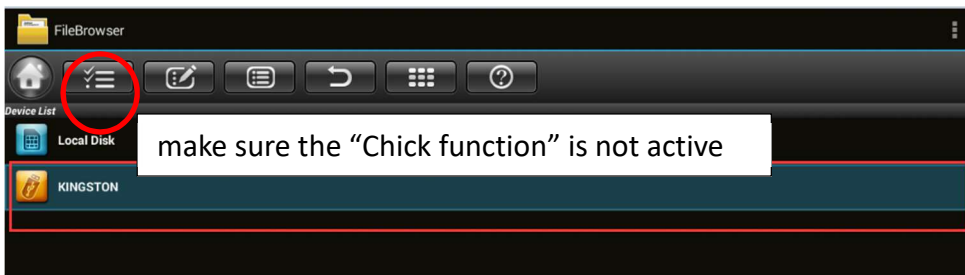

Step 1 Get "AirReceiver_Vivitek-v7a-release_Vivitek_v4.6.4_20190815.apk" into USB root directory, then plug USB in Projector USB port

Step 2 Run File browser APP

Step 4 click external disk (disk name depend on your setting)

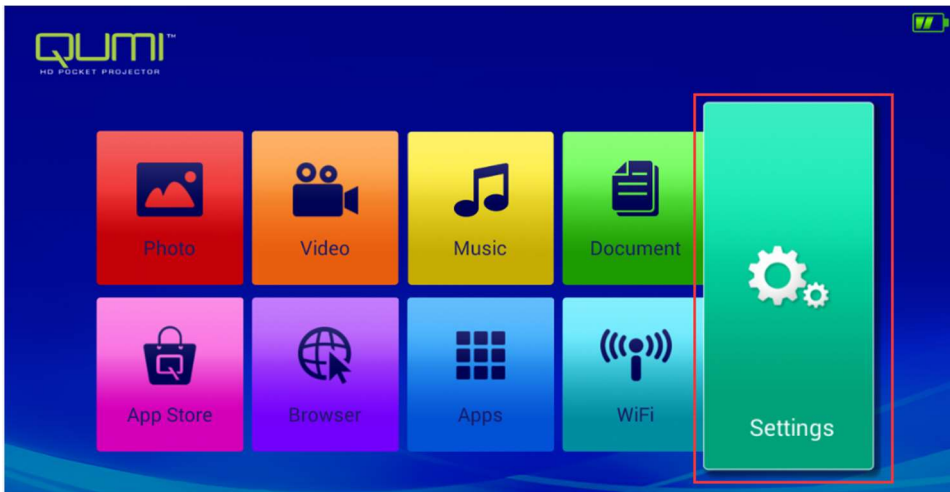

*** please make sure the "Chick function" is not active.

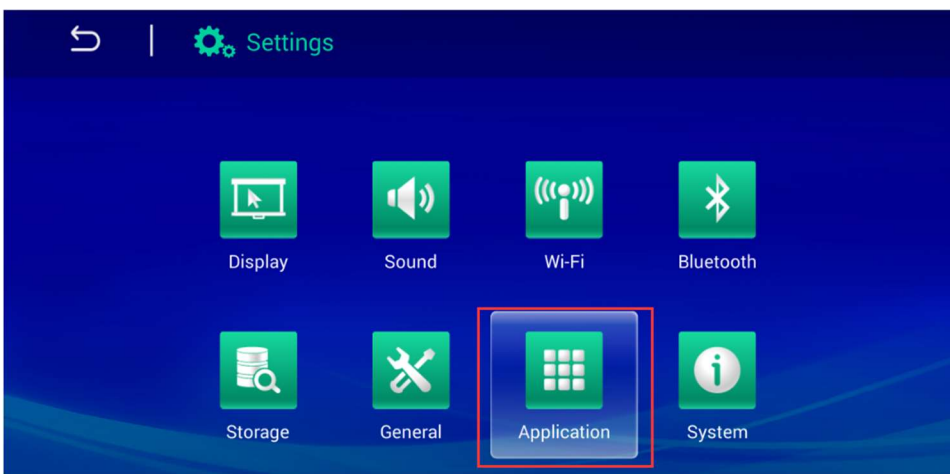

Step 5 Find "AirReceiver_Vivitek-v7a-release_Vivitek_v4.6.4_20190815.apk" and click to setup
And it will cover current version in Q3PLUS / Q38

Uninstall your Happycast (if you have)

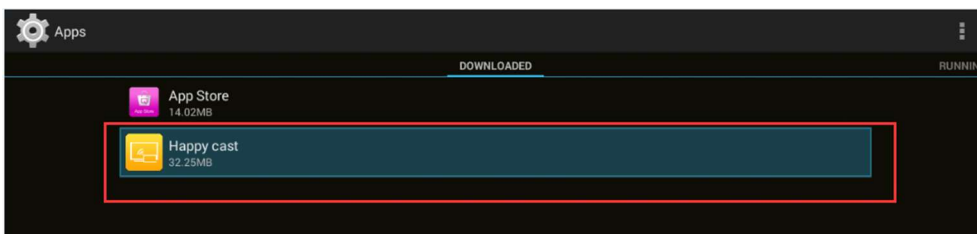

Step 1 in Main page, click "Setting" function

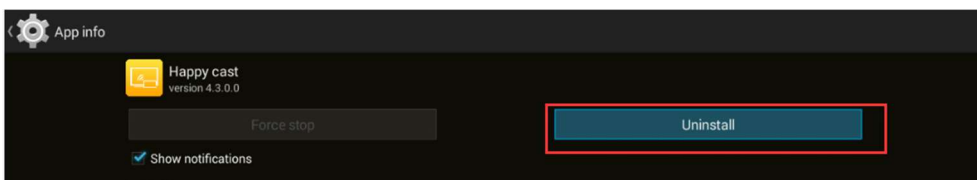

Step 2 click "Application" function

Step 3 click "Happycast" App

Step 4 choose "Uninstall"

Step 5 Click "OK"
